College of Arts, Humanities and Social Sciences

- Required credits to graduate with this degree: 120
- Required credits within the major: 45 to 54
- Degree: Bachelor of Arts

The study of history is vital to a liberal arts education, because it provides a holistic approach to knowledge; it broadens students' understanding of commonality and diversity, development of cultures, and drama of human experience.

History touches on the whole range of the human heritage. While focusing on the past, it also helps students understand the present and provides a strong foundation for the future. It prepares students for careers that demand analytical and communication skills, critical thinking, and cultural breadth. These careers include law, business, journalism, teaching, government, and the ministry.

This program introduces students to major world cultures and provides experience in the critical use of historical literature and other source materials. It offers concentrations in five geographical areas (Africa, East Asia, Europe, the Middle East, and the United States) and three chronological periodizations (Ancient, Pre-Modern, and Modern).

Honors Requirements: Candidates must have a 3.00 overall GPA and a 3.30 in the major. An honors paper or project must be completed in a 5xxx course. Students who wish to have such work considered for honors must complete a departmental form the first semester of their senior year. Completed projects and papers must be approved by the sponsoring faculty member and one other member of the faculty.

Language Requirement: Students must complete the sequence in the intermediate-level courses of one second or foreign language. Students may be exempt from this requirement if they have previously completed an equivalent language at this level. The History Department Head reviews exemptions. Students should consult the Departments of American Indian Studies, Education, or Foreign Languages and Literatures about placement.
