The philosophy program provides an environment in which students receive rich, well-rounded instruction in philosophy, whose pursuit is essential to a liberal arts education.

Objectives--UMM's philosophy curriculum offers coursework in all major subfields of philosophy: the history of philosophy, metaphysics and logic, epistemology, and values. As a field of study, philosophy is at the core of a liberal arts education, as its skills encourage independent thought and interdisciplinary, integrated inquiry. Specifically, UMM's philosophy program offers students the opportunity to:

- * explore philosophy's fundamental questions and proposed answers;
- * cultivate their own philosophical powers, which include creativity, sensitivity, intellectual courage, open-mindedness and critical-mindedness, logical rigor, and analytical precision;
- * join the great conversation by contributing their own considered insights;
- * hone their ability to speak and write effectively.

Program Delivery

This program is available:

- via classroom (the majority of instruction is face-to-face)
