## **Supply Chain & Operations Management B.S.B.**

*Supply Chain & Operations*

**Curtis L. Carlson School of Management**

- Program Type: Baccalaureate
- Requirements for this program are current for Fall 2016
- Required credits to graduate with this degree: 120
- Required credits within the major: 76 to 80
- Degree: Bachelor of Science in Business

The Supply Chain major focuses on process excellence from both intra-organization and inter-organization points of view. Supply chain management manages the flow of goods, information, and services in order to deliver maximum value to the customer, while also minimizing the costs of the flow. Operations management is responsible for supplying the product or service of the organizations and managing the conversation or transformation process that converts inputs into outputs. The design of the major follows the industry-developed SCOR model of Plan-Source-Make-Deliver.

### **Program Delivery**

This program is available:

- via classroom (the majority of instruction is face-to-face)

### **Admission Requirements**

Freshman and transfer students are usually admitted to pre-major status before admission to this major

A GPA above 2.0 is preferred for the following:

- 3.00 transferring from another University of Minnesota college
- 3.00 transferring from outside the University

Students in the school have no restrictions on declaring the major but must complete the five tool courses before continuing with the major requirements. Students from outside of the school must meet overall admission standards to enter this major, including completion of microeconomics, macroeconomics, and calculus prior to admission. Transfer students will also need to complete statistics and financial accounting before starting on the major coursework but may do so after admission.

For information about University of Minnesota admission requirements, visit the [Office of Admissions website](#).
