Contact Information:
School of Architecture, College of Design, University of Minnesota, 145 Rapson Hall, 89 Church Street S.E., Minneapolis, MN 55455 (612-624-7866; fax: 624-5743)
Website: http://arch.design.umn.edu

- Program Type: Master's
- Requirements for this program are current for Fall 2018
- Length of program in credits: 59 to 90
- This program does not require summer semesters for timely completion.
- Degree: Master of Architecture

Along with the program-specific requirements listed below, please read the [General Information](#) section of the catalog website for requirements that apply to all major fields.

Architecture encompasses the making and study of the buildings and environments that we inhabit. The concerns of architecture involve a wide variety of areas of study, including the art of representing built projects through drawings and computer graphics; the technology of building structure, building materials, and natural and mechanical systems; the history, theory, and art of making, using, and understanding buildings as cultural artifacts for human use; and the practice of architecture in the context of sustainable environmental systems, urban form, and business economics. The School of Architecture offers one accredited professional degree, the Master of Architecture (M.Arch.), and a non-professional research degree, the Master of Science (MS) in architecture, with four potential tracks: heritage conservation and preservation, metropolitan design, research practices, and sustainable design.

The Master of Architecture degree is the accredited three-year professional program that prepares students for licensure and practice in the discipline of architecture as a speculative, analytic, and investigative endeavor. Through rigorous methods of inquirydeveloped in the design studio, lectures, and seminarsstudents acquire the breadth of knowledge required of the professional architect, including: the techniques and processes of representation, communication, and analysis; the history and theory of making architecture and urban form for human use; and the technology, systems, processes, and economics of construction and practice. The 90-credit M.Arch. professional degree program is accredited by the National Architectural Accrediting Board (NAAB). A portfolio for admission is required.

The Master of Science in architecture is a nonprofessional degree offering advanced studies and research methods in heritage conservation and preservation, metropolitan design, research practices, or sustainable design. The nonprofessional MS in architecture seeks advanced students from architecture, building science, art history, geography, archaeology, landscape architecture, environmental design, or related disciplines to pursue multidisciplinary graduate study and research in sustainable building practices and historic preservation. The School of Architecture also offers a concurrent degree program that combines the M.Arch. professional degree and the MS in architecture. Students may take a total of 24 credits in common between the two academic programs. See information on the MS in architecture for degree requirements.

Program Delivery
This program is available:
- via classroom (the majority of instruction is face-to-face)

Prerequisites for Admission
The preferred undergraduate GPA for admittance to the program is 3.00.

Applicants must submit their test score(s) from the following:
- GRE

International applicants must submit score(s) from one of the following tests:
- TOEFL
  - Internet Based - Total Score: 79
  - Internet Based - Writing Score: 21
  - Internet Based - Reading Score: 19
  - Paper Based - Total Score: 550
- IELTS
  - Total Score: 6.5

- MELAB
  - Final score: 80

Key to test abbreviations(GRE, TOEFL, IELTS, MELAB).

For an online application or for more information about graduate education admissions, see the General Information section of the catalog website.

Program Requirements

Plan C: Plan C requires 59 to 90 major credits and up to null credits outside the major.The is no final exam.A capstone project is required.
Capstone Project: The Master's Final Project is a 10-credit studio-based design exploration under the supervision of a studio faculty mentor.

This program may not be completed with a minor.

Use of 4xxx courses towards program requirements is not permitted.

A minimum GPA of 2.80 is required for students to remain in good standing.

At least 4 semesters must be completed before filing a Degree Program Form.

Advanced placement into the second year is possible for students with a Bachelor of Science or other pre-professional degree and excellent English language proficiency.

Required Coursework (61 credits)
Take the following required courses for a total of 61 credits:
ARCH 5411 - Principles of Design Theory (3.0 cr)
ARCH 5412 - Architecture: A Global and Cultural History (3.0 cr)
ARCH 5561 - Tech 1, Structures for Building (3.0 cr)
ARCH 5562 - Tech 2, Intro to Building Technology (3.0 cr)
ARCH 5563 - Tech 3: Advanced Building Technology Integrated Building Systems (3.0 cr)
ARCH 5564 - Tech 4: Building Structural Systems (3.0 cr)
ARCH 5621 - Professional Practice in Architecture (3.0 cr)
ARCH 8251 - Graduate Architectural Design I (9.0 cr)
ARCH 8253 - Graduate Architectural Design III (6.0 cr)
ARCH 8255 - Graduate Architectural Design V (6.0 cr)
ARCH 8299 - Master's Final Project (10.0 cr)
ARCH 5518 - Environmental Technology: Integrative Ecological Design for Responsive Architecture (3.0 cr)
ARCH 5413 - Modern and Contemporary Global Architecture (3.0 cr)
ARCH 8254 - Technical Applications in Design (3.0 cr)
Project Modules (9 credits)
Take 9 credits (3 courses) from the following:
ARCH 5250 - Advanced Topics in Design (1.0 - 6.0 cr)
or ARCH 8250 - Advanced Topics in Design (1.0 - 6.0 cr)
Catalysts (2 credits)
Take the following course twice for a total of 2 credits:
ARCH 5110 - Architecture as Catalyst (1.0 cr)
Electives (18 credits)
Take 18 credits of Architecture electives. At least 3 credits must be in ARCH 54xx or 84xx.
Arch 5xxx
or Arch 8xxx

Advanced Standing (59 credits)
Students with a Bachelor of Science in Architecture may be eligible for a waiver of the required first-year coursework.

Required Courses (40 credits)
Take the following courses for 40 credits:
ARCH 5563 - Tech 3: Advanced Building Technology Integrated Building Systems (3.0 cr)
ARCH 5564 - Tech 4: Building Structural Systems (3.0 cr)
ARCH 5621 - Professional Practice in Architecture (3.0 cr)
ARCH 8253 - Graduate Architectural Design III (6.0 cr)
ARCH 8255 - Graduate Architectural Design V (6.0 cr)

ARCH 8299 - Master's Final Project (10.0 cr)
ARCH 8254 - Technical Applications in Design (3.0 cr)
ARCH 5411 - Principles of Design Theory (3.0 cr)
ARCH 5413 - Modern and Contemporary Global Architecture (3.0 cr)
Project Modules (3 credits)
  Take one of the following courses once for 3 credits:
  ARCH 5250 - Advanced Topics in Design (1.0 - 6.0 cr)
  or ARCH 8250 - Advanced Topics in Design (1.0 - 6.0 cr)
Catalysts (1 credit)
  Take the following course for 1 credit:
  ARCH 5110 - Architecture as Catalyst (1.0 cr)
 Take 15 credits of Architecture electives. At least 3 credits must be in ARCH 54xx or 84xx.
  Arch 5xxx
  or Arch 8xxx
Joint- or Dual-degree Coursework:M.Arch/M.S.-ArchitectureStudent may take a total of 24 credits in common among the academic programs.
