- Program Type: Graduate free-standing minor
- Requirements for this program are current for Fall 2019
- Length of program in credits (Masters): 7
- Length of program in credits (Doctorate): 12
- This program does not require summer semesters for timely completion.

Along with the program-specific requirements listed below, please read the [General Information](#) section of the catalog website for requirements that apply to all major fields.

The Health Equity Minor is a graduate minor that allows students to specialize in studying health disparities and inequalities. A firm understanding of the structural factors that cause health inequalities will help prepare students to enter the professional world of public health as an effective advocate.

## **Program Delivery**

This program is available:

- via classroom (the majority of instruction is face-to-face)

## **Prerequisites for Admission**

The preferred undergraduate GPA for admittance to the program is 3.00.

Other requirements to be completed before admission:

Declaring this minor is contingent upon prior admission to a University master's or doctoral degree-granting program.

Students should first consult with their program advisor, then contact the Health Equity Director of Graduate Studies regarding requirements.

For an online application or for more information about graduate education admissions, see the [General Information](#) section of the catalog website.

## **Program Requirements**

Use of 4xxx courses towards program requirements is not permitted.

#### **Required Capstone Seminar (1 Credit)**

All students pursuing the minor must take the following required seminar:

[PUBH 6772](#) - Health Disparities Capstone Seminar (1.0 cr)

## **Program Sub-plans**

Students are required to complete one of the following sub-plans.

Students may not complete the program with more than one sub-plan.

#### **Master's**
