- Program Type: Graduate free-standing minor
- Requirements for this program are current for Fall 2019
- Length of program in credits (Masters): 7
- Length of program in credits (Doctorate): 12
- This program does not require summer semesters for timely completion.

Along with the program-specific requirements listed below, please read the [General Information](#) section of the catalog website for requirements that apply to all major fields.

The global public health minor provides students with the knowledge, skills and attitudes to address health issues that transcend national boundaries and prepare them to develop and implement solutions to health problems that require global cooperation. Students take public health courses that focus on the population health skills necessary to promote the health and well-being and safety of global and local populations.

## **Accreditation**

This program is accredited by Council on Education for Public Health (CEPH)

## **Program Delivery**

This program is available:

- via classroom (the majority of instruction is face-to-face)
- partially online (between 50% to 80% of instruction is online)

## **Prerequisites for Admission**

The preferred undergraduate GPA for admittance to the program is 3.00.

Other requirements to be completed before admission:

Admission to the global public health minor is contingent upon enrollment in a University master's or doctoral degree-granting program. Students should consult with their program advisor prior to contacting the Global Public Health director of graduate studies regarding requirements.

For an online application or for more information about graduate education admissions, see the [General Information](#) section of the catalog website.

## **Program Requirements**

Use of 4xxx courses toward program requirements is permitted under certain conditions with adviser approval.

All required courses must be completed with a B- minimum grade.  
Minimum GPA is 3.00.

### **Course Requirements**
