

Crookston Campus

Biology Minor

Math, Science and Technology

Academic Affairs

- Program Type: Undergraduate minor related to major
- Requirements for this program are current for Spring 2022
- Required credits in this minor: 20 to 21

The biology minor program introduces students to the core concepts in a broad range of biological areas with two possible emphases, animal or plant biology. It is designed to complement majors in animal sciences, agriculture, and natural resources but can be tailored for students in other majors as well.

Program Delivery

This program is available:

- via classroom (the majority of instruction is face-to-face)
