The Bachelor of Fine Arts (BFA) degree program in Art Education is for students preparing for teacher licensure in Art Education grades K-12; it is offered in cooperation with the Department of Education in the College of Education and Human Service Professions (CEHSP). The program prepares art teachers for kindergarten through the twelfth grade and provides a foundation in a variety of studio areas, art history, and art education methods. To qualify for this program, pre-art education students must pass a portfolio review (ART 0903). In addition to completing liberal education and art courses, each student must gain admission to the Secondary Teacher Education Program (STEP) licensure program during the junior year to complete the education courses required by the MN Professional Educator Licensing and Standards Board (PELSB). Students entering the secondary and K-12 licensure programs are bound by the policies in effect at the time of application to the licensure program. Admission is based on criteria established by the Department of Education that are consistent with Minnesota policies, as well as standards established by the MN Professional Educator Licensing and Standards Board. Field experiences are an important part of the art education program and include observations and participation in community, museum, and elementary school programs; two apprenticeships in area public and/or private middle schools and high schools concluding with a full semester of supervised student teaching (8 weeks at the elementary and 8 weeks at the middle or high school level). Students produce a body of work for the Senior Exhibition under the mentorship of faculty in their area.

Students should utilize the What-if APAS Report as the official tool to see all requirements for degree completion. Due to the complexity of the admission process, students are strongly encouraged to meet with their assigned academic advisors on a regular basis to establish a plan for program completion.

## Program Delivery

This program is available:

- via classroom (the majority of instruction is face-to-face)

Students entering the Secondary Teacher Education Program (STEP) K-12 licensure programs are bound by the policies in effect at the time of application; admission is based on criteria established by the UMD Dept. of Educ, consistent with MN policies as established by the MN Professional Educator Licensing & Standards Board (PELSB).
