Linguistics Minor

English Linguistics and Writing Studies

College of Arts, Humanities and Social Sciences

- Program Type: Undergraduate free-standing minor
- Requirements for this program are current for Fall 2021
- Required credits in this minor: 18

This minor emphasizes two important facets of human language: the mathematical and social aspects of language. To understand the formal mathematical nature of human language, courses are offered in the areas of phonology, morphology, and syntax. The issues of language as social phenomena are dealt with in diverse, socio-cultural linguistics courses. After minoring in linguistics, students will achieve a high level of analytical ability, which is necessary not only in linguistics, but also in many other related fields, including computer science, mathematics, philosophy, and psychology.

Program Delivery

This program is available:

- via classroom (the majority of instruction is face-to-face)
